

FL 5.2.02 Capped internal corner.

All dimensions are indicative unless specified on the drawing  
Sheet thickness may be exaggerated for clarity

Scale 1/4

Notes:

- Similar in concept to external corner FL 5.2.02.
- The face widths of the corner capping can be adjusted to tie in with other elements of the façade, such as the front face of the wall coping.
- Generic structural details are given for indicative purposes only.

1. elZinc® cladding
2. Membrane
3. Structural underlay
4. Folded galvanised steel profiles
5. elZinc® perforated sheet
6. elZinc® retention profile
7. Insulation
8. Wooden battens
9. Wall bracket
10. Substrate
